Meet Our Founder

JESSICA DOAKS | CEO | THE BLACK CANDLE COMPANY

I started this business in July 2021 after a tumultuous year filled with temporary physical disabilities, struggles with fertility, and mental health struggles. I had purchased a candle kit several years that I had never opened. At that time I decided to pull the candle making kit out to experiment. Little did I know, it would turn into something very much therapeutic. It was at that point that I realized this was something I was passionate about and thoroughly enjoyed. The idea of The Black Candle Company was driven by my personal design style of all things modern, minimalist, and simple. I wanted the candles that I make to be a direct reflection of me and my style.

Our overall goal at The Black Candle Company is to provide affordable luxury home fragrance products that will inevitably change the lives of our customers. We want to create a sensory experience that is unforgettable and memorable. Our hope is that our products will leave a long lasting impression with our customers and keep them coming back!
